

**BOYS & GIRLS CLUBS
OF WEST CENTRAL MISSOURI**

Member Success Agreement

Please join us in ensuring that all members are positively impacted by our programming. Research shows that attending the Club at least 52 times or more a year results in greater positive outcomes. By agreeing to the items below, your child will enjoy the full impact that our programs have to offer.

- The parent/guardian has read and understands the parent/member handbook.
- The parent/guardian agrees that the more their child attends the program the more positive benefits their child will receive.
- The parent/guardian understands that their child will be allowed to attend field trips or special events only if they attend on a regular basis and not only the day of the event.
- The parent/guardian understands that their child must display good behavior to be eligible for field trips and special events.
- The member and the parent/guardian will behave in accordance with the Club's member and parent code of conduct (found in the Parent/Member Handbook).
